Title Index to Volume 10

S1 denotes Volume 10 Supplement 1

An analysis of the corrosion process of the Nova-T IUD 287
Anticonceptivos orales: 30 vs. 20 μg de etinilestradiol (EE) **S1**: 41
Antiprogestinas en anticoncepcion **S1**: 61
Association for Voluntary Surgical Contraception: a technical statement on quinacrine pellets for nonsurgical female sterilization 43
At what 'infant-age' can levonorgestrel contraceptives be recommended to nursing mothers? 249
Avances en anticoncepción quirúrgica femenina ambulatoria **S1**: 51
Avances en la contracepción hormonal **S1**: 33
A bill of health for the IUD: where do we go from here? 121
Billings natural family planning in Shanghai, China 195
Changes in ovarian function after tubal sterilization 51
Clinical experience with a modern low-dose gestodene-containing oral contraceptive in adolescents 237
Clinical performance of the Copper T200B IUD after reinsertion following life-span expiration 303
Clinical performances of Fincoid-350 standard and short models. A comparative study 133
A comparison of the effects of two monophasic low dose oral contraceptives on the inhibition of ovulation 5
Contraceptive efficacy of the Copper T 380A and the Multiload Cu 250 IUDs in three developing countries 137
Copper intrauterine contraceptive device and pregnancy rate 205
Current status of natural family planning in Granada (Spain) 27
Detection of *Chlamydia trachomatis* in asymptomatic women: relationship to history, contraception, and cervicitis 309
The dynamics of oral contraceptive use in the Netherlands 1990–1993 167
Effect of anordiol on ovarian hormone secretion, ovulation, and uterine and vaginal responses in the immature rat 157
An evaluation of six new intrauterine devices 57
Fertility control by natural methods. Analysis of 218 cycles 33
Immediate postplacental insertion of the intrauterine device: A review of Chinese and the world's experiences 71
The Lactational Amenorrhea Method (LAM): A postpartum introductory family planning method with policy and program implications 93
Low dose contraceptive formulations: is further reduction in steroid dosage justified? 1
Mechanical devices for interval laparoscopic tubal sterilization in previous IUD users 223
The morphologic changes of endometrial spiral arterioles in IUD-induced menorrhagia 213
Multicenter study in Hungary with a 30 μg ethinylestradiol and 150 μg desogestrel containing monophasic oral contraceptive 175
The non-contraceptive effects of the levonorgestrel-releasing intrauterine device 271
Nuevas perspectivas para los anticonceptivos inyectables **S1**: 69
La planificación familiar en América Latina: desarrollo, costos, y futura **S1**: 19
Planificación familiar: la llave de un futuro mejor **S1**: 3
Pomeroy tubal ligation by laparoscopy and minilaparotomy 151
Pregnancy, lactation and the use of silicone breast implants 187
Recruitment of pregnant women for self-examination of the postpartum return of fertility 37
Roman Catholic Church-sponsored natural family planning services in the United States 85
Safety and efficacy of a combined oral contraceptive: gestodene 75 μg plus ethinyl estradiol 30 μg in Mexican women 19
Sexual behavior and pregnancy among Nigerian students 265
Trial of a new method of natural family planning in Liberia 111
Users' awareness of factors associated with complications during pill use 257
